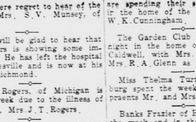
★ TOBACCO FERTILIZERS MADE OF NATURE'S TREASURED PLANT-FOODS

FROM THE SEA

We use tons of fish scrap in Robertson's Proven Fertilizers and the manure of fish-eating birds. They supply plant-foods in forms no chemist can imitate.

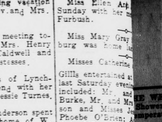
FROM THE SOIL

Cottonseed-meal, rich in Nitrogen, Phosphoric Acid and Potash, is generously used in Robertson's Tobacco Fertilizers. It nourishes the crop constantly.



FROM THE MINES

The bones of prehistoric animals are mined and turned into superphosphates to supply the phosphoric acid that crops need.



FROM PACKING PLANTS

In blood and tankage are recovered the elements that grew the feed for livestock. We use them regularly in Robertson's Fertilizers.

DON'T TAKE CHANCES. USE THESE MAGNESIA-RICH THOROLY CURED—BETTER INGREDIENT—FERTILIZE

To prevent damage to the leaf from frog-eye and sand-drown, we use large quantities of Sulphate of Potash Magnesia. It's a pure Sulphate of Potash and Magnesia, in fine granular form, easily worked and weighs. Then we add dolomitic limestone and "cure" the mixture. This makes the magnesia available. Our Tobacco Mixtures contain enough organic nitrogen and other nutrients proven best by years of test.

Court Docket To Continue Next Week

Nine Indictments Are Returned By Grand Jury For Trial

COURT TO LAST A WEEK

Nine indictments were returned here yesterday morning by the grand jury to pave the way for a docket which will require some ten days for completion.

The opening day of the April court term was featured by the presence of an unusally large crowd, in many cases, ground is to wet for farmers to work, so scores of county citizens attended court.

The first case heard was that of the commonwealth against Wickley Scott, colored. This case concerned the shooting of Roy White, also colored, on Christmas night. The jury brought in a verdict of two years in the pen for involuntary manslaughter. Under existing law, that means he will serve only one year.

In an appeal from trial justice court here, the lower court was reversed and Lottie Smith, colored, was cleared on a charge of possessing ardent spirits.

Slated for hearing today was an indictment against Pierce Jennings, colored, for rape, and two indictments against Allen Woolridge for forgery. Tomorrow and Saturday, the court will try the civil case of Charles A. Ball against Southern Passenger Motor Lines.

Monday, the court will hear an appeal of Louis Smith from a fine in lower court, and if the Pierce Jennings case is not reached today it will be heard Monday. A civil suit is also on Monday's docket.

On next Thursday indictments vs W. T. Barger Jr and Kermit Godsey for housebreaking and attempted larceny will be heard. George F. Abbitt Jr. and W. H. Overby will represent the defendants. There is also an indictment against Ryland Godsey for housebreaking, and another for Judson Garland. It is probable that the later may be heard today. Louis N. Hock has an appeal up from a fine.

As we go to press we understand that Allen Woolridge pleaded guilty and was give nsuspended sentence.

Richard McDearmon was presented to the court yesterday and qualified to practice law in the county.

Appropriate Agent Funds

The county board of supervisors met Monday to approve the publish... ed budget for the county this year.

A group of ladies appeared and asked that funds be provided for a home demonstration agent.

Despite a paucity of money available for any new proposals, the supervisors offered to make $500.00 available for this cause. Is is not known yet whether this will be enough, and the matter will remain pending an investigation.

Appomattox High School Baseball Schedule Given

The high school baseball team, which was rained out in its game with Farmville last Friday, will get into action against Rustburg, here at 3:15 tomorrow, Friday.

It has not yet been decided when the game with Farmville is to be played, although a game is already scheduled with that team on their home grounds for next week. It is likely that the play-off will take place in Appomattox later in the month.

The schedule, which follows, is practically complete although it is being attempted to arrange games with Amherst and Oakville.
